

30% Faster Quiet Blending Technology

The Quick & Quiet™, with the patented Accelerate™ Container, and powerful motor has been engineered to create blends 30% faster than the previous generation.

Smart Product Design

- Innovative blending system completes recipes more efficiently with consistent results in record time
- High capacity and thermally-capable motor reduces blend-times, handles back-to-back blends easily and minimizes downtime
- 1,2 litre Accelerate™ container with NFC features an innovative shape, and dual blade design that pull ingredients for more efficient and consistent blends
- Heavy-duty retainer nut withstands high heat, extending blade assembly and container life
- 10 program buttons with 40 optimized settings increase programming capability and ease of use for consistent results

Includes Quick & Quiet™ with 1,2 litre high-impact clear/stackable Accelerate™ container complete with dual Advance blade assembly and latching lid, and removable compact enclosure.

For more complete warranty terms and conditions, please contact your authorised Vitamix distributor.
